7.2 - Best Practices

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

Title- Health Awareness & Preventive Medicare for Students:

2. Objective - The main objective of this best practice is to create health awareness among the students and ensure their fitness through extensive activity by Red Cross society.

3. The Context- For enrollment in different extension activities like NSS, NCC and sports blood group test is essential. During extension activities by cadets it is observed that knowledge of most health care related govt. schemes can be spread through help of students.

4. The Practice - Our Red Cross society has in last session included National De-worming scheme and National Filariasis Control Program (APELF) through which students are provided medicines for self medication as well as for their family members. Most of these tests are conducted by medical officers and technicians of District Hospital.

5. Evidence of Success- The college has spread awareness about the different government sponsored health scheme among students families and neighbours in the distant villages who live in below poverty lines.

6. Problems Encountered & Resources Required - During planning it is observed that for testing of large number of students the assistance of trained health official with requisite machinery is needed.

7. Notes: This practice can be implemented in other educational institutions as effective medium for campaign of Govt. Health schemes.

7.3 - Institutional Distinctiveness

within 200 words

Popularizing Yoga Culture & Holistic Development of Students:

Objective- The main objective of this best practice is to create awareness among all students regarding benefit of Yoga practice in coordinating body and mind for overall fitness.

The Context- Practice of yoga is generally limited to some specific religious practitioners or organizations. Being a government college it is observed that staff and students require certain training to face the stiff competition and de-stress themselves during examination.

The Practice - With the advent of International Yoga Day we perceived an opportunity to implement this effectively. This year on 21st June it was held to teach the students skills and providing support to students individually and in small groups to monitor their physical and mental health and progress in their studies.

Evidence of Success- This best practice has helped us groom the students as well as popularize Yoga culture on and off the campus. Initially our staff members conducted this program with students. But there was requirement to arrange for more motivation and some training by professional teachers and society.

PopularizingYoga culture has inspired other institutes to implement this practice and help students for physical and mental fitness and holistic development.
